# THE JOHN BOBINCHECK MEMORIAL GOLF CLASSIC

John Bobincheck was a vibrant member of our insurance community. While most knew him for his work at BenefitMall and Claremont Insurance Services, John also served as President of the Silicon Valley Association of Health Underwriters, now CAHIP - Silicon Valley, from 2016 to 2017. Under John's leadership, SVAHU promoted professional development with a focus on technology and innovation.

John was a mentor to new professionals and cared deeply for the agent community, insurance carriers and individual clients; advocating on their behalf in Sacramento and Washington DC.

John was a magnetic force that drew many closer to him with his infectious laugh. He strived to be the best and to bring the best out of those around him. John was a champion sailor who competed internationally, a Boy Scout leader and devoted father. Those who knew him, all agree, that John lived larger than life in his short 49 years.

Given that John was an avid golfer, (the winner of the 2017 SVAHU tournament) and instrumental to the success of past SVAHU tournaments, it's only fitting we use this tournament to honor him for all he has given us.

At this event we bring together the best in our industry, and in turn support important causes in our community.
